

# Low Carbon Fuel Standard

## Detailed Methodology and Data for Consumer Cost Safety Net

This document provides data and the detailed methodology for calculations related to the Consumer Cost Safety Net.

### Table of Contents

Determination of the the 12 month rolling weighted average price of gasoline for Oregon and for the statutory PADD-5 subset of (AZ, NV, OR, WA) .....	1
Determination of the the 12 month rolling weighted average price of diesel for Oregon and for the statutory PADD-5 subset of (AZ, NV, OR, WA) .....	2
Gasoline price data and 12 month rolling weighted average price of gasoline for Oregon and for the statutory PADD-5 subset of (AZ, NV, OR, WA) .....	2
Gasoline volume data by state for statutory PADD-5 subset of (AZ, NV, OR, WA) .....	11
No. 2 diesel price data and 12 month rolling weighted average price of No. 2 diesel for Oregon and for PADD-5 .....	17

### Determination of the the 12 month rolling weighted average price of gasoline for Oregon and for the statutory PADD-5 subset of (AZ, NV, OR, WA)

For gasoline, the price data used is the “Gasoline Prices by Formulation, Grade, Sales, Type” average gasoline monthly sales to “All End Users” found on this EIA webpage:

[http://tonto.eia.doe.gov/dnav/pet/pet\\_pri\\_allmg\\_a\\_EPM0\\_PTA\\_cpgal\\_m.htm](http://tonto.eia.doe.gov/dnav/pet/pet_pri_allmg_a_EPM0_PTA_cpgal_m.htm). This average price includes all gasoline retail sales in the respective state by all sellers.

For gasoline, the volume data is found on this EIA webpage:

[http://tonto.eia.doe.gov/dnav/pet/PET\\_CONS\\_PRIM\\_DCU\\_SOR\\_M.htm](http://tonto.eia.doe.gov/dnav/pet/PET_CONS_PRIM_DCU_SOR_M.htm)

Average gasoline price data, by month, titled "Gasoline Prices by Formulation, Grade Sales Type (cents per gallon, Excluding Taxes)" average gasoline monthly Sales to End Users, Average (TGRS) was obtained from the EIA website for each state in the statutory PADD-5 region (OR, WA, AZ, NV):[http://tonto.eia.doe.gov/dnav/pet/pet\\_pri\\_allmg\\_a\\_EPM0\\_PTA\\_cpgal\\_m.htm](http://tonto.eia.doe.gov/dnav/pet/pet_pri_allmg_a_EPM0_PTA_cpgal_m.htm)

For the purposes of the Oregon Low Carbon Fuels Standard (LCFS), new average gasoline price data needed to be calculated for the PADD-5 region including only OR, WA, NV, and AZ, as stated in HB 2186 §6(1)(d).

Volume data were obtained for OR, WA, NV, and AZ (the statutory PADD-5 region) from this website: [http://tonto.eia.doe.gov/dnav/pet/pet\\_cons\\_prim\\_a\\_EPM0\\_P00\\_Mgalpd\\_m.htm](http://tonto.eia.doe.gov/dnav/pet/pet_cons_prim_a_EPM0_P00_Mgalpd_m.htm). This data is the Prime Supplier Sales Volumes in Thousand Gallons per Day for motor gasoline.

Next, the monthly average gasoline price in the statutory PADD5 (OR, WA, NV, and AZ), weighted by the volume of fuel sold in each state, was calculated for each month, using the following formula:

$$\text{Monthly average gasoline price} = \frac{(\text{PriceOR} * \text{VolOR}) + (\text{PriceWA} * \text{VolWA}) + (\text{PriceNV} * \text{VolNV}) + (\text{PriceAZ} * \text{VolAZ})}{(\text{VolOR} + \text{VolWA} + \text{VolNV} + \text{VolAZ})}$$

Where:

PriceOR = average monthly gasoline sale price to end users in Oregon in cents per gallon

PriceWA = average monthly gasoline sale price to end users in Washington in cents per gallon

PriceNV = average monthly gasoline sale price to end users in Nevada in cents per gallon

PriceAZ = average monthly gasoline sale price to end users in Arizona in cents per gallon

VolOR = average total gasoline sales/deliveries by Prime Supplier in Oregon (thousand gallons/day)

VolWA = average total gasoline sales/deliveries by Prime Supplier in Washington (thousand gallons/day)

VolNV = average total gasoline sales/deliveries by Prime Supplier in Nevada (thousand gallons/day)

VolAZ = average total gasoline sales/deliveries by Prime Supplier in Arizona (thousand gallons/day)

The results were then used to calculate a 12-month rolling average weighted price of gasoline in the statutory PADD-5.

### Determination of the the 12 month rolling weighted average price of diesel for Oregon and for the statutory PADD-5 subset of (AZ, NV, OR, WA)

The data for diesel price data were obtained from this website:

[http://tonto.eia.doe.gov/dnav/pet/pet\\_pri\\_dist\\_dcu\\_R50\\_m.htm](http://tonto.eia.doe.gov/dnav/pet/pet_pri_dist_dcu_R50_m.htm)

These data are already weighted for volume.

### Gasoline price data and 12 month rolling weighted average price of gasoline for Oregon and for the statutory PADD-5 subset of (AZ, NV, OR, WA)

Gasoline Price	State Monthly Average Gasoline Prices: Total Retail Sales by All Sellers (Dollars per Gallon)				12 month rolling weighted average gasoline price (Dollars per Gallon)		% difference: OR and statutory PADD-5 12-month rolling weighted average
