RE: Milestone Report for Upland Source Control at the Portland Harbor Superfund Site

Dear Rich,

Please find enclosed two copies of the DEQ "*Milestone Report for Upland Source Control at the Portland Harbor Superfund Site*" dated January 2012. The report will also be posted on DEQ's web site within the next two weeks.¹ DEQ will provide hard copies to project partners upon request.

Thank you for your continued assistance in coordinating EPA's support to DEQ on Portland Harbor source control work. Please let us know if you would like to convene a meeting with DEQ and interested EPA partners to discuss the January 2012 Milestone Report, including site prioritization and source control progress.

We anticipate submitting the next Milestone Report in July 2012.

Sincerely,

James M Anderson, Manager
Portland Harbor Section
