VOLUNTARY CLEANUP PROGRAM
INDEPENDENT CLEANUP PATHWAY
INTENT TO PARTICIPATE

Identification of Site

Site Name:________________________________________________________

Site Address:____________________________________________________

Legal Name of Owner:____________________________________________

Legal Name of Operator:___________________________________________

Mailing Address:__________________________________________________

Contact Name:_________________________ Phone:__________________ e-mail:________________________

Township:___________ Range:______ Section:______ Tax Lot (s):__________ Size (acres):__________

Latitude (Lat) Degrees:___________ Minutes:___________ Seconds:___________

Longitude (Long) Degrees:___________ Minutes:___________ Seconds:___________

Method of determining Lat/Long:____________________________________

(Note: If you cannot provide a lat/long for your site, please include a 7.5 topographical map, with the site clearly marked on it, along with this form and we will determine the lat/long for you.)

Summary of Contamination Information

Please provide (or attach) the information below to the extent available.

Current site use:

Historic site use:

Known or suspected contaminant source(s):

Known or suspected contaminant(s):

Contaminated media:

Soil ____ Yes ____No ____ Unknown

Groundwater ____ Yes ____ No ____ Unknown

Sediment ____ Yes ____ No ____ Unknown

Surface Water ____ Yes ____ No ____ Unknown

Indoor Air ____ Yes ____ No ____ Unknown

Outdoor Air ____ Yes ____ No ____ Unknown
Independent Cleanups – Site Eligibility

Please answer the questions below:

Yes  No  Has your site been ranked as low or medium priority by DEQ’s Site Assessment Program?

Yes  No  Are free-phase products present in the groundwater?

Yes  No  Has the site contamination impacted an existing drinking water source (groundwater or surface water)?

Yes  No  Has the soil, groundwater or surface water contamination at the site migrated beyond the property boundary?

Yes  No  Is the site in or within 1000 feet of a Sensitive Environment as defined in OAR 340-122-115(49)?

Yes  No  Are contaminant odors present in any buildings, manholes or other confined spaces?

If you answered yes to the first question and/or no to all of the last five questions you are automatically eligible for the ICP. If not, please discuss the site conditions with DEQ’s Environmental Cleanup Program Representative in this regional office to determine if your site may still be eligible for the ICP. DEQ may request additional site information to make the final site eligibility determination.

Oversight Needed

► Is the investigation and/or cleanup already completed?  Yes  No

► Would you like DEQ Technical Consultation during execution of the project?  Yes  No

► Estimated project start date: ___________________________ (month/day/year)

► Estimated project completion date: ___________________________ (month/day/year)

► Estimated date when final report, stamped by a State of Oregon Registered Geologist (RG) or professional engineer (PE), will be submitted to DEQ for review: ___________________________ (month/day/year)

Anticipated Project Complexity

_____ Simple cleanup sites are those where:
   a) hazardous substances are limited to containers or to the unsaturated soil zone only;
   b) the extent and type(s) of contamination is well-defined;
   c) there are few contaminants of concern; and
   d) the selected treatment option is a conventional technology.

_____ Moderately complex or complex cleanup - This category includes all sites that do not meet simple cleanup criteria above.
Intent to Participate

The undersigned intends to participate in DEQ’s Voluntary Cleanup Program through the Independent Cleanup Pathway, and intends to negotiate in good faith a written agreement with DEQ. However, this Intent to Participate does not constitute such an agreement, and neither DEQ nor the undersigned will be bound to proceed unless such an agreement is executed. The agreement will describe the project activities of each party and will require the undersigned to reimburse DEQ for all of its oversight costs.

If the site is placed on DEQ’s waiting list, DEQ will notify the undersigned in writing when it is moved to active status (typically in 90 days or less) and include a cost recovery agreement for signature. Following execution of a signed agreement and payment of the $1,500 deposit the undersigned shall be prepared to submit all documentation summarizing existing conditions, activities and status at the site to DEQ for review. The undersigned understands that DEQ will move sites from the waiting list to active status based on various considerations, only one of which will be the timing of the original placement of a site on the waiting list.

With this Intent to Participate, the undersigned does not admit or assume liability for investigation or cleanup of the site. In addition, the undersigned may terminate this Intent to Participate at any time by notifying DEQ in writing.

Please execute this Intent to Participate in the space below and return to:

Department of Environmental Quality
Environmental Cleanup Program
(Regional office address)

Please DO NOT submit a deposit check at this time.
