# Oregon Department of Environmental Quality FREE MERCURY COLLECTION PROGRAM

## *Application Form for Conditionally Exempt Hazardous Waste Generators*

**Instructions:** Complete this form and turn it in with your mercury or mercury containing waste at a household hazardous facility participating in the Free Mercury Collection Program

**Collection Location:** \_\_\_\_\_ **Date:** \_\_\_\_\_

### 1. Generator Information

|                 |                             |     |
|-----------------|-----------------------------|-----|
| Generator Name  | Type of Business            |     |
| Mailing Address | Site Address (if different) |     |
| City            | State                       | Zip |
| Contact Person  | Telephone                   | Fax |

### 2. Certification for Conditionally Exempt Generators

State and federal hazardous waste regulations limit the use of CEG hazardous waste collection programs to those businesses that generate 100 kilograms (220 pounds or approximately 25 gallons) of hazardous waste per month. Businesses that generate more than this amount must use a licensed hazardous waste hauler to manifest and transport their waste. Therefore, we are requesting that you sign the following certification before disposing of your waste at the collection event:

*I certify the business that I am representing is a Conditionally Exempt Hazardous Waste Generator who generates less than 220 pounds of hazardous waste and 2.2 pounds of acutely hazardous waste per month. I also certify that I have not accumulated more than 2,200 pounds of hazardous waste (2.2 pounds of acutely hazardous waste) at this time. I understand that I must pre-register and pay the disposal cost before I can drop off my wastes at the collection event. I also understand that only the types and quantities of wastes listed on the Inventory Sheet(s) in Section 2 have been approved for disposal at the collection event. Finally, I understand that the state, local government or contractor does not assume liability for my wastes, and that future liability remains with my business.*

**3. Mercury Waste Inventory Sheet**  
 (Copy and use additional sheets if necessary.)

Remember, you are limited to no more than 2,200 pounds of Conditionally Exempt Generator waste.  
*Fluorescent lights (including fluorescent light tubes, mercury vapor bulbs and HIDs) will not be accepted free of charge.*

|  | Mercury Waste Description  | Weight Estimate<br>(Include total weight of mercury containing device or compound) | Number<br>(if thermometers, thermostats, or switches) | For Official Use |
|--|--|--|---|------------------|
|  | Elemental Mercury  |  |   |                  |
|  | Mercury Thermometers   |  |   |                  |
|  | Mercury Thermostats  |  |   |                  |
|  | Mercury Switches (including silent light switches)   |  |   |                  |
|  | Mercury Containing Compound (such as amalgams, mercurochrome, pesticides, etc.)<br>Specify*: |  |   |                  |
|  | Sphygmomanometers (Blood Pressure Cuffs)   |  |   |                  |
|  | Dairy Manometers   |  |   |                  |
|  | Dental Mercury Traps   |  |   |                  |
|  | Barometers   |  |   |                  |
|  | Mercury Containing Batteries   |  |   |                  |
|  | Other:<br>Specify*:  |  |   |                  |
|  | Total  |  |   |                  |

\*For "Mercury Containing Compound" and "Other", describe the wastes in as much detail as possible. The description should include the chemical and trade name, how you use the material, physical state (i.e., liquid, solid, sludge, gas), chemical characteristics (e.g., flammable/ignitable), and chemical constituents and percentages from the label or material safety data sheet (MSDS). **DO NOT** include wastes you do not want to dispose of at the collection event, nor containers of unknown waste substances. Please avoid mixing your wastes together.
