Proposed No Further Action for Former BP Station #02272

Comments due: 5 p.m., March 9, 2012

Project location: 1516 Capitol Street NE, Salem, Marion County

Proposal: The Oregon Department of Environmental Quality proposes to issue a no further action determination for the Leaking Underground Storage Tank Program site #24-90-4278: Former BP Station #02272, located at 1516 Capitol Street NE, Salem. DEQ issues a no further action determination when an environmental cleanup has met regulatory requirements.

Highlights: The Former BP Station #02272 site is currently a gasoline station and convenience store, and has been operated as a gasoline service station since 1955. An underground storage tank release was reported to DEQ on November 6, 1990. Petroleum contaminated soil and groundwater were cleaned up and monitored over the last two decades. DEQ has determined that the cleanup meets the requirements of Oregon Administrative Rules 340-122-0205 through 340-122-0360. Pollutant levels remaining in soil and groundwater after the cleanup actions are protective of human health and the environment.

How to comment: Send comments by 5 p.m., March 9, 2012 to DEQ Project Manager Marcy Kirk by mail at 475 NE Bellevue Drive, Suite 110, Bend, OR 97701, by email at kirk.marcy@deq.state.or.us or, or by fax at 541-388-8283.

To review the project file, call Marcy Kirk at 541-633-2009 for a file review appointment.

The next step: DEQ will consider all public comments received before making a final decision on the proposed no further action determination. DEQ will provide written responses to all public comments received.

Accessibility information: DEQ is committed to accommodating people with disabilities. If you need information in another format, please contact DEQ toll free in Oregon at 800-452-4011, email at deqinfo@deq.state.or.us, or 711 for people with hearing impairments.
