27 August 2009

In accordance with Section 1511 of the American Recovery and Reinvestment Act of 2009 (PL 111-5), I hereby certify that infrastructure investment in the form of a Clean Water State Revolving Fund (CWSRF) loan provided by the Oregon Department of Environmental Quality to the City of Albany has received the full review and vetting required by law and I accept responsibility that the infrastructure investment is an appropriate use of taxpayer dollars.

The City of Albany plans to construct integrated natural wetlands that will treat effluent from Albany and Millersburg, including the cooling of effluent to help comply with thermal loads in the Willamette River Total Maximum Daily Load (TMDL). The total project cost amounts to \$ 14,500,000. The CWSRF loan awarded to the City of Albany equals \$ 4,000,000.

Dick Pedersen
Director
Oregon Department of Environmental Quality
