City of Troutdale – Hillside Development

City of Medford – Wetland Protection Overlay

City of Olympia – Impervious Surface Alternative

City of Portland – Stormwater mitigation credits and facility design standards

Guidebook Funding

Financial assistance for preparation of this document was provided by the US Environmental Protection Agency and the Oregon Department of Environmental Quality through a grant under Section 319 of the Clean Water Act as amended in 1987, and by the National Oceanic and Atmospheric Administration through a grant under section 6217 of the Coastal Zone Management Act Reauthorization Amendments of 1990. The document was produced in a partnership with federal, state and local partners.

Important Notice:

This document contains summaries of state and federal laws. It is not an exact statement of planning or regulatory requirements. For precise information about a particular law or program, contact the appropriate state and federal agencies referenced in the book.
