

Revising Oregon's Industrial Stormwater General Permits

Advisory Committee Meeting #4
October 20, 2009- 1:30 pm to 4:30 pm
DEQ Headquarters Office
Conference Room EQC A
811 SW 6th Avenue
Portland, OR 97215

AGENDA

- 1:30 **Welcome/Introductions-** Commissioner Ken Williamson, chair
- Purpose of 4th Meeting
- 1:40 **Follow-up issues from previous meeting-** Jenine Camilleri and Paula Calvert
- Respond to concerns raised regarding EPA's benchmark concentrations and the purpose of benchmarks.
 - Handout: Draft tiered monitoring approach
 - Any additional thoughts/feedback on the draft monitoring matrix?
 - Handout: Updated matrix that reflects relative costs of monitoring approaches
 - Feedback or questions from advisory committee members
- 2:30 **Characterization of Stormwater Discharges-** Jenine Camilleri and Paula Calvert
- Overview of requirements in EPA and DEQ permits.
 - Handout: Memorandum that queues up issues related to characterizing discharges to impaired waters. This issue is related to developing a monitoring protocol for evaluating compliance with water quality standards, which will be discussed further in meetings 7 through 9.
 - Handout: Memorandum on collecting first flush samples
 - Feedback or questions from advisory committee members
- 3:15 **Substantially Similar Outfalls-** Jenine Camilleri
- Overview of requirements in EPA and DEQ permits. Are DEQ's current requirements sufficient or are other requirements necessary?
 - Feedback or questions from advisory committee members
- 3:35 **Break**
- 3:45 **Monitoring Waiver-** Jenine Camilleri and Paula Calvert
- Overview of requirements in EPA and DEQ permits
 - Handout: Memorandum on whether minimum monitoring provisions should be increased to require facilities to monitor once per year even if they have a monitoring waiver.
 - Feedback or questions from advisory committee members
- 4:15 **Wrap-Up**
- Identify Follow-Up Items
 - Discuss agenda for next meeting
- 4:30 **Adjourn**
