Beaverton, OR 97077-0001

Re: Approval of Class 2 Permit Modification for  
Tektronix, Inc. ORD 009020231

Dear Mr. Skinner:

Tektronix, Inc. submitted a Class two permit modification and temporary authorization request dated September 22, 2010, to (1) incorporate the ROD issued by the Department in July, 2009 by reference into the permit as required by condition IV.A.2, and (2) modify several conditions of the permit to incorporate the final remedy described in the ROD. The temporary authorization was approved on September 23, 2010 and will expire with this approval.

A public comment period was held for a period of sixty days starting October 1, 2010 and ran through November 30, 2010. A public meeting was held on November 10, 2010. There were no written or oral comments submitted during the comment period. Therefore, the permit modification is approved.

If you have any questions concerning this matter, please contact Barbara Puchy at (503) 229-5790.

Sincerely,

[Signature]

Elizabeth Druback, Manager,  
Eastern Region Solid and Hazardous Waste Programs
